

# THE ARTS INITIATIVE

PALMETTO BLUFF

The Arts Initiative at Palmetto Bluff was created to foster the pursuit of artistic innovation and expression through a diverse curation of southern artists, craftsmen, musicians, makers, and chefs. Through year-round programming, unfolding across Palmetto Bluff's unspoiled natural canvas, The Arts Initiative will create a dialogue between art, the community, and the beauty of the Bluff itself.

FLOW Gallery + Workshop is a physical showcase of our Artist in Residence program and a curated collection of southern artists. Work from this diverse lineup includes a rotating series of exhibitions, workshops, and events featuring established as well as emerging artisans. Participation into the gallery is on a consignment basis.

## ARTIST IN RESIDENCE

Artist in Residence celebrates art in all its forms, fosters creativity, and offers a hands-on education through intimate workshops and special events with members of the community. The program features up-and-coming, relevant, and notable southern artists. Our artists spend several days on property integrating themselves into life on the Bluff.

We seek to enhance The Arts Initiative at Palmetto Bluff by continually welcoming new individuals to our Artist in Residence program and introducing new artists at FLOW Gallery + Workshop.
